NASTA Treasures Report

Ms Pete was unable to attend today meeting due to family commitment. She did fax a report outline her activities since taking office. She is working on invoices to schools for payment not yet received as of this month. Also making calls to those drivers who attended the conference with no record of P.O., check or cash payment and back tracking how they paid or if they paid. She does not have receipts for some drivers.

She does not have access to bank account yet and Mr. Apachee is the only person that has access to the bank account at this time. September 13, 2007 at Hopi High School meeting our beginning balance was 7,000. Since then she has deposited 1,200, which should bring our balance to 8,200. Again this is a rough estimate until all invoices are paid and the book is balance.

Reports

AAPT would like to bring the next year's conference up North site yet to be determine. He likes to report back to AAPT what NASTA is doing. Any information please contact him at Hopi Transportation Office (928) 738-5682

President

Mr. Apachee thanks everyone for their support and coming to the meeting. His priorities are balance NASTA books, Bus Road-EO, Annual Conference and improve working relation with vendors. With the help of Ms Pete and Mr. Myran the Association is near completing closing out the last NASTA board record. As a board our priority is developing a process that would ensure financially accountability and excellent business practices.
